Dear colleagues,

We would like to invite you to our upcoming two-day seminar on **'Disability-inclusive Disaster Risk Reduction'**, which will be conducted on the **13 and 14 of November 2019 in Cologne**. The seminar is primarily targeting project managers and officers of humanitarian organisations.

The seminar will offer an opportunity to exchange information on the inclusion of the needs of persons with disabilities in the planning, implementation and monitoring of disaster relief interventions.

Experts from the field will impart relevant basics and give practical examples of necessary approaches and methods to systematically anchor disability inclusion in your disaster reduction and prevention projects.

Participants must have appropriate English language skills, as the seminar will be conducted in English.

Further information can be found in the attached agenda.

Please register online **by 11 November 2019**. Please use this link: <https://forms.gle/eYEJs22PSRG2MkzRA>

We aim at responding to your individual training interests and needs. Please let us know in advance by e-mail or using the registration form.

We look forward to welcoming you!

Your project team
Phase 2 - Leave no one behind!

‘Phase 2 - Leave no one behind!: Mainstreaming of Disability in Humanitarian Action’

Disability-inclusive Disaster Risk Reduction
Seminar for German Humanitarian Organisations

Jugendherberge Köln-Riehl
City-Hostel
An der Schanz 14
50735 Köln

13 and 14 November 2019

Overall Objective: Project officers and managers from German humanitarian organizations are sensitized about disability inclusion as a cross-cutting theme in disaster risk reduction and are aware of guidelines, tools and strategies for increased disability-inclusion in DRR programs.

a. Specific Objectives:

- Participants develop basic understanding about key aspects of disability inclusion and engaging with DPOs during humanitarian, development and disaster-risk-reduction contexts.
- Participants gain an overview about how disaster risk reduction started to become more inclusive and which legal frameworks and obligations support the inclusion of persons with disabilities.
- Participants are sensitized on how climate change affects persons with disabilities.
- Participants are able to apply tools, guidelines and strategies for disability-inclusion in disaster risk reduction in the different phases of the Disaster Risk Management Cycle
- Participants know what a Disabled People’s Organisation is and how to engage with them.
- Participants identify action-points for disability-inclusion in their work.

Trainers: Talal Waheed (CBM) & Susanne Fengler (CBM)

Method: The workshop focuses on problem-oriented learning in an interactive training style allowing time for discussion.

b. Agenda

Kindly note that the agenda may be subject to change.

Wednesday 13.11.19
